

Why team up with us? We have identified the best home business opportunity for the full-time or part-time entrepreneur to experience success. We have also assembled a staff of marketing professionals to provide you with the tools, training, and support to help you grow your business and secure your financial future. Our proven track record of success speaks for itself, as we have helped develop an organization of **450,000+** members & customers, including **100+** million-dollar earners, and thousands more individuals making money based on their own unique financial goals.

Mike Akins is the founder & CEO of Professional Networkers. Mike has been successfully involved in network marketing for 49+ years. Mike invested one-half million dollars of his own money into a 3-1/2-year research study performed by **Research & Marketing Consultants** to identify the absolute best home business opportunity in the industry. At the end of that study, **4Life Research®** was identified as the best home business opportunity with the highest potential for growth based on a variety of factors, such as their effective one-of-a-kind university tested products, lucrative compensation plan (23 ways to get paid), humanitarian affinity, and potential future as a company with **ZERO** competition. The results of this study led Mike to get involved with 4Life. Mike also compiled a staff of marketing professionals to help support the entrepreneurs who decided to join him in this journey so it would greatly increase the possibility for them to live their dreams.

The results of this decision so far have been nothing short of INCREDIBLE! Mike's organization currently generates \$23+ million in monthly volume and includes 70-80% of the company's top earners. There are also thousands more individuals just like you making money based on their own financial goals.

Mike's staff test markets their marketing tools to make sure they are proven and effective. The *Live Your Dreams* postcard is a proven winner! Mike's goal is to have two million distributors in the next five years. You can be a part of this legacy. **We know how to help you build!**
